Wallumbilla Ute, Car & Bike Show

Members tell their stories at the Roma Historical Precincts Inc Inaugural Plough Day

The original owners of our "A" were Mr & Mrs Jack Rowbotham of "White Park", 20 km's east of Roma. It had been bought new for about 200 pounds. Mrs Rowbotham learnt to drive it when she was about 18 years of age and took the cream to the Butter Factory in Roma for the next 25 years. Although it was a sedan, the back seat was easily removed and six 8 gallon cans fitted in there. During the war, it only came out of the garage to go directly to town and back again.

During the 1946 drought, it was used to pull a trailer carting water for the house and paddy calves. The trailer was too heavy for it and it broke the crown wheel and pinion right at the end of the drought. It was in Traders Garage for months while trying to get parts for it.

About 1948, it went to Miscamble's Upholsterers to have a new hood and coat of paint. The seats were also re-covered. In 1952, it was replaced by a Holden ute.

It was then swapped to Bob Rowbotham (son of Jack) for a horse. Bob & Fred Wilson made it into a ute and it was used for work and pleasure, until 1965 when it was left back at "White Park". During the time Bob had it, the hand brake was the only brake that worked, mainly on one back wheel.

Ken discovered the "A" parked in the shed at "White Park" when he was doing some building work for Mr Rowbotham. An offer was made and the "A" found a new home at 21 Albert Street in February of 1978.

It was fully restored by Mr Hector Munkman of Beerwah and our first of many rallies in it was 1990 "Easter in the Country", Roma.

Owner's Ken & Veronica Beitz

For Sale/Wanted

Wanted: 21 x 5 tyres (require 2) and 20 x 5 tyres (require 2). These are required to place on a vehicle for display purposes only and do not need to be new. Contact Neil on 0429 075 973.
